

SOCIAL INTEGRATION POLICY

At Bosphorus Sorgun Hotel, we are committed to supporting and working with the local community in which we are located. We aim to conduct our business in a way that helps to preserve and promote the culture and heritage of the destination and the local economy.

In this respect;

We support initiatives that develop the community.

We support the local economy.

We respect and protect local culture, traditions and way of life. We support and protect access to basic resources and services.

To achieve our goals;

We encourage our guests to explore the destination's history, culture, traditions and our local community, as well as the local products and services on offer. We contribute to the maintenance of culturally and spiritually significant sites by making donations and encouraging guests to visit them.

Whenever possible, we favor local and regional products and services as outlined in our purchasing policy. We prefer staff who live locally in the recruitment process. We strive to provide job opportunities primarily to local people through on-the-job training programs.

We ensure fair and equal treatment of local and indigenous people by being in constant dialog with them through regular meetings of the local association and chamber of commerce. We make annual financial contributions to various local charitable organizations.
